

Confirmation of Course Grades in the Graduate School of Medicine

Students who believe that a course instructor has assigned them an incorrect grade may request confirmation of the grade from the Graduate School of Medicine. Such requests must be made within one month of the announcement of the grade and will not be accepted after that date. To determine the date of the grade announcement, please refer to the Academic Calendar in the *Student Handbook for the Graduate School of Medicine* (<https://www.m.u-tokyo.ac.jp/english/education/Student%20Handbook.pdf>).

To apply for grade confirmation, submit the [required form](#) to the Graduate Student Affairs Section. If the instructor in charge finds the grade to be incorrect, the correct grade will be assigned.

If the result of the grade confirmation is not satisfactory, the decision of the instructor may be appealed. In such cases, the grade will be investigated by the department offering the course.
