## Foreign Language Requirement for Doctoral Program in Medicine

### Applicants Seeking Admission in April 2026

The Foreign Language (English) written examination is not administered to applicants for the Doctoral Program in Medicine of the University of Tokyo Graduate School of Medicine. TOEFL scores will be used to screen foreign languages.

However, because the Doctoral Program in Medicine seeks to train students who are willing and able to act as international leaders in all fields of medicine, proficiency in English is important and expected to exceed a TOEFL-iBT score of 60 upon admission to the program. Applicants with a TOEFL-iBT score lower than 60 at the time of application are eligible to apply to the program and take the examination.

Applicants are required to submit an official TOEFL score report, as detailed below. Those who wish to be exempted from submitting TOEFL scores must submit the required documents by the deadline, as detailed NOTES below.

1.	Acceptable TOEFL Scores	TOEFL-iBT, TOEFL iBT® Home Edition
2.	Period of Validity	TOEFL scores earned after October 1, 2023
