

2023 Application Guide: Master's Program
Graduate School of Medicine, The University of Tokyo
(Health Sciences and Nursing; International Health/Global Health Sciences;
Medical Science)

This application guide may change due to the COVID-19. The University of Tokyo website (<https://www.m.u-tokyo.ac.jp/english/daigakuin/apply/appguidemain.html>) will continuously announce if there is any change, so please check the newest information constantly.

Aims of Education and Research in Graduate School of Medicine

The aims of the Graduate School of Medicine are to promote advanced research that will contribute to breakthroughs in our understanding of the mechanisms of life processes, which will help to cure and prevent disease and will improve health. We aim for our alumni to become excellent scholars who can do highly creative research and who will be international leaders in all fields of medicine.

1. Application Qualifications

Admission requirements: These are the main requirements. The number in parentheses corresponds to the number in the original document. Applicants who do not fall within any of these categories should contact the administrative office of the graduate school, Academic Affairs Team.

- (1) Persons who have graduated or are expected to graduate from a Japanese university by 31 March 2023. (Note 1)
- (2) Persons who have completed, or are expected to complete sixteen years of school education abroad by 31 March 2023. (Note 2)
- (3) Persons who have been conferred a degree equivalent to that of a bachelor's degree or are expected to be conferred on or before March 31, 2023 from a foreign university or other foreign institution (limited to those whose comprehensive status of education and research activities have been assessed by the government of the said foreign country or a related organization), having completed a program with a completion period of 3 years or more. (Note 2)
- (4) Persons who are designated by the Minister of Education, Culture, Sports, Science and Technology or persons who have graduated or are expected to graduate by March 31, 2023 from an educational institution designated by the Minister. (Note 3)
- (5) Persons who have been conferred a bachelor's degree or are expected to have conferred on or before March 31, 2023 by the National Institution for Academic Degrees and Quality Enhancement of Higher Education (NIAD).
- (6) Persons who are 22 years or older on March 31, 2023, whom this graduate school has recognized through individual screening of entrance qualifications, as having abilities that are at least equivalent to those who have graduated from a Japanese university. (Note 1) (Note 4)

(Note 1)

Japanese universities mentioned in Eligibilities (1) and (6) above are universities within the boundaries of Japan and as prescribed in Article 83 of the School Education Law.

(Note 2)

Eligibilities (2) and (3) above includes the case of having completed a correspondence program provided by a foreign school of said country while residing in Japan.

(Note 3)

Those as mentioned in Eligibility (4) above referred to any who have graduated from the following schools or educational institutions.

- The Japan branch of a foreign school as designated by the Minister of Education, Culture, Sports, Science and Technology.
- Specialized training college designated by the Minister of Education, Culture, Sports, Science and Technology (limited to programs where the program duration is at least 4 years and which satisfies standards determined by the Minister)
- Universities under the old university ordinances, or higher educational institutions (daigakko) under the national/provincial/independent administrative agency ordinances

(Note 4)

- 1) Those mentioned in Eligibility (6) above refers to those who do not fall into any of the Eligibilities (1) through (5) above but have graduated from an educational institution equivalent to a 4-year university, and whom this graduate school has recognized, through individual screening of entrance qualifications, as having abilities that are at least equivalent to those who have graduated from a Japanese university.
- 2) Those who wish to apply based on Eligibility (6) above must submit all the documents specified by the administrative department of this graduate school by Monday, 30 May, 2022 as the eligibility for application is confirmed individually in advance by document screening. Please inquire the administrative department of the graduate school in advance about the eligibility for application and the documents to be submitted. Eligibility review result will be notified by Email around Thursday, 16 June, 2022.
- 3) Those who are recognized as having abilities that are at least equivalent to those who have graduated from a Japanese university through screening of entrance qualification will be permitted to apply and take the entrance examination.

2. Selection

(School of Health Sciences and Nursing) Admission shall be determined based on a comprehensive judgment of the academic performance of the school they came from, the results of other documents screening and oral exam and so on.
