(Name Handwritten)

- (1) If your doctoral dissertation includes the part which is a joint work, a Letter of Consent and Acceptance must be submitted from co-author and/or research collaborator.
- (2) A Letter of Consent and Acceptance must be submitted excluding the case when the coauthor is deceased.
- (3) A Letter of Consent and Acceptance should be printed on A4-size paper for each of the co-authors and/or research collaborators.
- (4) A Letter of Consent and Acceptance you submitted may be photocopied as it is and form part of the materials for the School Committee, so please use a word processor or typewriter as far as possible.
- (5) The date of the Letter of Consent and Acceptance is the day on which the co-author /research collaborator gives consent. (The date should be before the date of submission of the thesis.)
- (6) Each Letter of Consent and Acceptance must be signed and sealed by the respective coauthor/research collaborator. If he/she is a non-Japanese individual, the letter may be made in English and his/her signature may substitute for the seal; in this case, please type his/her name in the designated space.
